

Treasure Box

Wish List

At SickKids, treasure boxes have a special role to play in the treatment and care of children. After undergoing a scary or uncomfortable procedure children are allowed to select a special item from a treasure box that they can keep forever. Giving children something to look forward to makes it easier for them to endure painful experiences. A visit to the treasure box serves as a reward for their courage.

Some examples of treasure box items are:

Infant and Toddlers:

- Good quality rattles & shakers
- Teething rings
- Bubbles
- Squeeze toys
- Small cardboard books
